

JAMBOREE on the AIR and INTERNET

Quick Reference Guide - 2016

59th JOTA and 20th JOTI – October 2016

Start date: **October 15th at 0000h (midnight)**

End date: **October 16th at 2359h (midnight)**

JOTI and JOTA both run the full 48 hours local time.

However, not all stations will be on the air the whole weekend. Best time is usually Saturday morning through mid-afternoon with most stations around the world participating.

JOTI IRC SERVERS

These chat servers are **just for Scouting**, and used all around the world on JOTI weekend.

If using an IRC client, connect it to:

chat.scoutlink.net port **6660-6669**

If you are not using an IRC client and want to use webchat instead, open your favourite web browser and point it to:

webchat.scoutlink.net

Choose a **chat channel**: **#english**, **#français**, **#international**, **#hamradio**, **#leaders** or many more... and start chatting. See the **JOTI Guide** for a list of available channels and languages.

WORLD SCOUT CALL FREQUENCIES

Band	SSB (Phone)	CW (Morse)
80m	3.940 & 3.690 MHz	3.570 MHz
40m	7.090 & 7.190 MHz	7.030 MHz
20m	14.290 MHz	14.060 MHz
17m	18.140 MHz	18.080 MHz
15m	21.360 MHz	21.140 MHz
12m	24.960 MHz	24.910 MHz
10m	28.390 MHz	28.180 MHz
6m	50.160 MHz	50.160 MHz

or via IRLP and/or Echolink using VHF/UHF repeaters

*If using IRLP on VHF/UHF radio, join the **Radio Scouting** reflector on IRLP node **9091** to chat with other JOTA participants all weekend long!*

Complete list of IRLP Nodes is available here:

<http://status.irlp.net/index.php?PSTART=5>

*Remember to always **be safe** when chatting on the radio or Internet.. you can download the **JOTI Chat Safety and Etiquette guide** for tips on staying safe.*

*More resources are on www.jota-joti.ca including the full **JOTA and JOTI Guides**, the **Chat Safety and Etiquette guide**, and helpful program ideas like **Communications Games**.*

It starts with Scouts.
Tout commence avec les Scouts.
